

V120 Isolation Mount

For Ceiling & Wall

Reveal greater clarity and openness...

Featuring IsoAcoustics award winning isolation technology, the V120 Mount decouples studio monitors from wall and ceiling structures, mitigating structure borne vibrations from exciting the supporting surfaces.

The V120 isolation mount is designed to be compatible with many studio monitors weighing up to 40 lbs (18.1 kg) and features tilt adjustment and 360 degrees of rotation, allowing easy adjustment for focusing monitors.

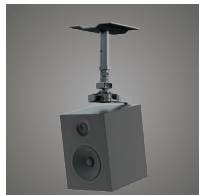

Unlock natural and transparent sound...
